Nithin Kumar

Product & UI/UX Designer

Bengaluru, Karnataka, India • 7411200771 • nithin161298@gmail.com • LinkedIn • Behance • Portfolio

ABOUT

Product Designer with 1.5+ years of dedicated experience turning complex enterprise and consumer problems into clean, intuitive interfaces. Backed by a strong 3-year foundation in visual and graphic design, I care deeply about the space between aesthetics and function where good design actually lives. From brand identity to end-to-end product architecture, I bring clarity, craft, and intention to every pixel.

WORK EXPERIENCE

UI Design Intern — Feb 2026 – Sep 2026
Lollypop Design Studio
Bengaluru

- **Blaze Up (ERP)** (May 2026 – Aug 2026)**:** Currently leading UI design, building out screens and design systems for the product. Collaborating closely with product and engineering teams to deliver high-fidelity, production-ready interfaces.
- **Flyra** (Feb 2026 – Mar 2026)**:** Designed UI for a fintech mobile application, crafting intuitive flows for financial transactions and account management.

Freelance Visual & UI Designer — Sep 2023 – Present
Swantech
Bengaluru

- **Altavista Homes:** Designed marketing website and 3D animations for a home automation brand.
- **Bayard Vacations:** Delivered end-to-end brand identity, website, and mobile app design for a travel brand.
- **Shipra:** Designed marketing website with 3D animation for a construction solutions company.

Creative Lead / Graphic Designer — Jul 2021 – Jul 2023
Log9 Materials
Bengaluru, Karnataka, India

- Promoted to Creative Lead in Dec 2022, taking ownership of full creative output including the flagship Log9 website and EV marketing campaign sites.
- Collaborated on brand identity and packaging design for multiple battery pack variants.
